

MTM NEWS ARCHIVES - 1999

08/10/99 - I just wanted to thank everyone that participated in the Detroit Grand Prix. Special thanks to Dave Johnston, Phil Schilke, Don Tessmer, and Willy Perez for their help and support. For those that would like to send a note to Grant's Boss for providing our great hats, his email address is smyles@rust.net. Please take a few minutes and send me some feedback on your Detroit Grand Prix experience. It will only go to me so don't worry about what you want to say. Everything will be kept completely confidential. Anything you can do to help us to improve our event would be appreciated - Tom Bateman

07/09/99 - And the moment you've all been waiting (well, maybe not). The Detroit Grand Prix Turn Assignments have been made and are available at the DGP Assignments page. Please bear in mind that these are not set in stone and are subject to some tweaking due to personal situations, droughts, locust, or acts of God (or at least acts Gary).

05/18/99 - Well, it's that time of year again. The 1999 Detroit Grand Prix applications are in the mail. Last year we tried an experiment and put the application on-line and it seemed to work well so it's on the website again. You can use either way to register.

01/24/99 - For those of you that play Course Observer at CART events, you might be interested in this link. The Unofficial CART Observers-Flaggers Webpage is the brainchild of Jack Durbin, whom many of you already know. He attends a number of CART events as a photographer and usually gravitates to where we are sometime during the weekend. He has also added the Observers Communications Center, which is a bulletin board system that allows people to carry on discussions. Take the time to visit the site, you might just be in a picture there and be sure to raise a Single Malt Scotch in his name.
