1/6/00 - New National Administrator for F&C

It is my pleasure to announce (if you have not already heard) that Dick Coburn has been named National Administrator for F&C. Dick's talents will be well served in his new role. His background as an educator & administrator, human resource skills, vast F&C experience, and his respect & concern of all involved in motorsports but especially all the people in white, provide an excellent foundation for the job of National Administrator. Please join me in congratulating Dick and thanking him for taking on these responsibilities.

Thank you all for your support in my tenure as National Administrator. See you in Denver.

11/08/00 - Last weekend Waterford Hills suffered a break in. Both the Miata pace car and the Falklands were stolen, although both vehicles have now been recovered. Needless to say, the F&C equipment on the Falklands was gone through by the thieves and we are uncertain at this time if any of our equipment is missing. This Saturday, Nov. 11, there will be a workbee at Waterford, and we need some volunteers to come out and help us go through our equipment and check each turn station to ensure that nothing is missing. If you're able to come out and give us a hand, please let me know. Tim and Debbie will be at the track between 10 and 11am on Saturday, so if you're able to come please meet us there. Thanks in advance for your assistance.

10/28/00-10/29/00 - A small contingent of 6 workers from the Detroit Region went down to Nelson Ledges and worked the Pumpkin. A great time was had by all. Great racing and the weather was better than the RunOffs!

10/15/00 - MTM held a general meeting at the Schilke's retreat. Discussion included defining the purpose of MTM and who was going to lead it in the future. A reinvention of MTM is planned for this winter.

9/30/00 - Waterford Hills held it's Annual Worker Awards. John Jordan was voted Worker of the Year. Rookie of the Year was given to both Melissa Wojciechowski and Tom Lane.

05/31/00 - It's that time again! The Detroit Grand Prix Turn Assignments are done and posted. We're a little light for workers as of now. The assignments may change a little bit if I get any more applications.

Don Tessmer's Fence Party will start at 8:30am on Thursday, June 15. Meet at the Race Control trailer.

01/17/00 - Well, I finally got off my lazy butt and updated the website. The 2000 schedules, Willy's spreadsheet and the last 2 newsletters are now there.
